Updates on Travel Requirements for Domestic Travelers in Indonesia

The Head of the National Disaster Management Agency (BNPB) as the Chair of the Covid-19 Task Force, Suharyanto stipulated Circular Letter of the Task Force for Handling Covid-19 No. 21 Year 2022 concerning Provisions for Domestic People Travel During the Corona Virus Disease 2019 (COVID-19) Pandemic on July 8th, 2022. This circular letter is effective from **July 17th, 2022** until a later date and will be evaluated further in accordance with the latest developments in the field or evaluation results from Ministries/Agencies.

For domestic travelers using air, sea, land transportation modes using private or public vehicles, crossings, and intercity trains from and to regions throughout Indonesia, the following provisions apply following:

1. Domestic travelers who receive the third dose of vaccination (booster) are not required to show a negative result of the RT-PCR or rapid antigen test;
2. Domestic travelers who receive the second dose of vaccination must show a negative rapid antigen test result whose sample is taken within 1 x 24 hours or a negative RT-PCR test result whose sample is taken within 3 x 24 hours before departure as a condition of travel and can carry out on-site third dose (booster) vaccination upon departure;
3. Domestic travelers who receive the first dose of vaccination are required to show a negative result of the RT-PCR test whose sample was taken within 3 x 24 hours before departure as a condition of travel;
4. Domestic travelers with special health conditions or comorbid diseases that prevent them from receiving vaccinations are excluded from the vaccination provisions, but must show a negative RT-PCR test result whose sample was taken within 3 x 24 hours before departure and must attach a doctor's certificate from Government Hospital stating that the person concerned has not and/or is unable to take part in the Covid-19 vaccination;
5. Domestic travelers aged 6-17 years are required to show a second dose of vaccine card/certificate without showing a negative result of the RT-PCR test or rapid antigen test; or
6. Domestic travelers under the age of 6 years are excluded from vaccination provisions and are not required to show a negative result of the RT-PCR test or rapid antigen test, but are required to travel with a companion who has complied with the provisions for vaccination and Covid-19 examination and applies strict health protocols.

With the enactment of this Circular, the Circular Letter of the Task Force for Handling Covid-19 No. 18 Year 2022 concerning Provisions for Travel of Domestic People during the Corona Virus Disease 2019 (Covid-19) Pandemic is **revoked and declared invalid**.
