Update on the One Day Passport Making Service Acceleration

The Directorate General of Immigration regulated a passport expediting service that allows applicants to receive their passports on the same day as submission and interview. Previously, there was no option for one-day passport-making. This is the new service provided by the immigration. This service is helpful for the applicants who need their passports to be issued immediately.

The provision of passport acceleration services is carried out by taking into account the availability of existing quotas at each immigration office. The applicant can do Walk-in or M-paspor Application www.mpaspor.com to get this acceleration service.

Payment for a one-day passport service is made cashless through the Online Non-Tax Revenue (PNBP) Information System (SIMPONI) Ministry of Finance. The applicant will receive a billing code to then make a transfer through a bank, ATM, or internet/mobile banking. Based on Government Regulation No. 28 Year 2019, the cost of Non-Tax State Revenue (PNBP) for Passport Expediting Services is IDR 1.000.000.
